## TALMUD TORAH RALLY SCORES BIG SUCCESS

The opening Talmud Torah classes were given an auspicious launching at the annual student rally last Sunday. Almost 400 youngsters turned out at the Beacon Theater, where they were entertained with "Our Gang" comedy, a Walt Disney cartoon, and some news pictures. They were also served refreshments. Thanks for the use of the theater and the films goes to Mr. Monty Salmon, manager of the Beacon.

Classes in the Talmud Torah opened Monday afternoon, and registration of new students is now in progress. As in the past, Hebrew instruction of the highest grade will be given the students. A faculty of excellent graduate Hebrew teachers, supervised by our assistant Rabbi, Emanuel L. Lifschitz, spare no efforts to make our Talmud Torah the very finest. Do not fail to register your child.

## WOMEN'S LEAGUE TO HOLD BOARD MEETING TEUSDAY

Mrs. David H. Ullman, the conscientious and capable President of our Women's League, is again on the job. She has made arrangements for the first Board meeting of the season. It will be held at our building on Tuesday evening, Sept. 19, at 8 o'clock. Mrs. Ullman urges all executive board members to put aside that date. Important and interesting business is to be transacted.

Mrs. Joseph Anderson and Mrs. Herbert A. Gossett are co-chairmen of the forthcoming Women's League luncheon, to be held at the Starlight Roof of the Waldorf-Astoria Hotel on Tuesday, November 21. Treasurer is Mrs. Samuel Fasten. Other members of the committee include Mrs. Jack Levine, Mrs. Samuel W. Siegel, Mrs. Annie R. Morris, Mrs. Siegfried Bendheim, and Mrs. Moses Langer.

## GET YOUR SEATS! LAST CALL.

We have had a record sale of seats for High Holiday services this year, but there are a few tickets remaining in our office. Come in **TODAY.**

## OUR SUMMER RECREATION GROUP, OUT FOR A DAY OF FUN

## CHILDREN'S RECREATION GROUP ENDS SUMMER PROGRAM: TO CONTINUE THROUGH WINTER WITH INDOOR ACTIVITIES

Last week the recreation program for young people, which lasted all summer, came to a close for that season. But we take pleasure in announcing that it will be recommenced and continued every afternoon throughout the fall and winter months.

During the summer, the children were under the supervision of Messrs. Albert Lazarus and Harold Jacobs. Both boys and girls, between the ages of seven and fourteen, were in the group that, all

summer, visited parks, playgrounds, and points of interest and even took a boat trip to Whitestone Bridge.

During the winter months, the group will turn to indoor occupations. Included will be arts and crafts, photography, and game room activities.

## DAY SCHOOL CLASSES OPEN NEXT MONDAY

Classes in the W. S. I. S. Day School, which is entering its second year with an enlarged program, will start next Monday, September 18.

After a year of success, in which instruction was given at the Kindergarten and first grade level, our Day School is now adding classes through grade 2-B. Hebrew and English instruction is given to both boys and girls in cooperation with the State Board of Education.

Parents will appreciate the individualized instruction in our day school, for each class is limited to ten students.

Moreover, classes are held in the morning and early afternoons, so that the children may still enjoy most of the afternoon for play.

Tuition is nominal. Parents are urged to inquire about our facilities this week.

### CONDOLENCE

We hereby extend most heartfelt sympathy to Mr. and Mrs. Aaron Wartels upon the untimely death of their beloved son, Emanuel.

## THE RADIO

Marvelous invention! It brings to the privacy of your home happenings from remote distances. Comfortably ensconced in a chair, you listen to a voice, an orchestra, hundreds or thousands of miles away.

But, depraved human minds have converted this instrument of peace into an instrument of torture. Day and night we sit with our ears glued to the machine, waiting for tales of horror. Sinking ships and drowning passengers. Shattered homes and inhabitants. An advance of three kilometres announced. A few details omitted however, such as how many bodies per kilometre.

Radio is a great invention indeed. But, greater still would be an invention to restrict all inventions to the service of peaceful pursuits.

## TAKE YOUR PLACE

At this time of the year, the vast army of earnest volunteers, well-meaning workers in the cause of religion, for the maintenance of hospitals, homes, orphanages, relief and endless other eleemosynary activities, go into high speed.

As a responsible member of the community you owe it to your fellow man, you owe it to yourself, to take your place and do your share.

Your donation alone is not enough. You must also give of yourself, your time, your efforts, your

talents, thereby attaining true happiness.

## HOPE SPRINGS ETERNAL

The human being is an optimist, his greatest assets faith and hope for better days to come.

Misfortune may befall him, terror stalk him, poverty and pestilence assail him. Nevertheless he strives with might and main to rise above it all, to rescue his family and himself from the morass of despair. His eyes remain fixed on his imperishable faith.

Hence, despite the prevailing economic difficulties, despite the horrible war just launched, we pluck up courage, and with unyielding faith, extend to you all our best wishes for a happy New Year.

May divine guidance restore sanity, peace, and plenty to this troubled world.

## "WHEN JEWISH BLOOD IS FLOWING"

This delightful refrain, product of Nazi Kultur, is sung with great gusto as part of the Hitler sacred anthem, the Horst Wessel song.

Like the wild beast who, upon his first taste of blood, becomes a killer, the Nazi finds that his blood lust now waxes unquenchable. The world has again been plunged into a bloody orgy by the accursed Hun of yesterday, the ghoulish Nazi of today.

Thanks to the policy of the Czars, the Jews have been herded for hundreds of years on the Polish borders, which become the first battlefields of the wars. The Polish towns we are reading about today, where bombs are dropping, shells exploding, and fires raging, are filled with Jews.

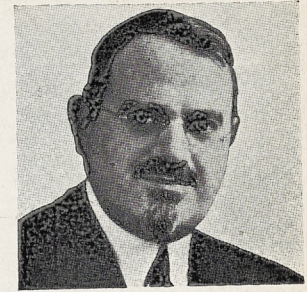

No one bothered to remove their women and children to places of safety in the country. They were left to be blown to bits, mangled, buried in the ruins of their homes. Their Rosh Hashonah is the "Shmah Yisroel" of the death rattle.

Yes, Jewish blood is flowing, all right, alright. Let's join in the refrain. We might as well.

But while doing so, let us not forget that never would the Nazi dogs of war have been unleashed, never would they have dared to bare their fangs or breathe their fires of destruction, if not for the encouragement of those arch-double-crossers of history, the Communists. It was the Russian treaty that became Hitler's green light.

So, the next time you hear the melodious notes of the "Internationale," you join in with "When Jewish Blood is Flowing." The two melodies harmonize perfectly.

## ROSH HASHONAH. A "REMINTING"

New Year's day is a covered holiday. "Blow the horn", on Rosh Hashonah to stir up the people "for our festival is a covered one", cries the Psalmist. None of us knows of the Judgment that is about to be rendered concerning each and every one of us, our children, and our country. We can help make the Judgment decree a favorable one.

The Rabbis say in the Talmud, that what the New Year shall be is in our own hands on Rosh Hashonah. If we come to the Synagogue in the same old way, cold, and merely out of habit, we shall take away from the Synagogue what we bring to it. We shall be like old coins, used, worn, and well-nigh void of value.

There are times, however, when old coins are sent back to the mint, to be refreshed and dipped into a solution which gives them lustre and newness. So too, may it be with us. All of us, at the end of the year, are like old coins. We have been used up, worn, and are almost of little value, because of our lusts, our yielding to temptation, our environment or our business. When we come to the Synagogue on Rosh Hashonah to be refreshed, to receive new lustre, to pray, to make new resolutions, for a better, nobler, more religious life, to be reminted, as it were, then we must leave the Synagogue different than we were when we entered it. We have then decreed for ourselves on Rosh Hashonah what the whole New Year shall be, a year, religious and happy in spirit.

Just try it my friends, and I assure you that you will be amply repaid with the satisfaction of knowing you have made the proper approach to Rosh Hashonah by appearing before God with the willingness and determination to walk in His way for the coming year. "Life is divine when duty is a joy."

## JEWISH QUARTERS BOMBED IN AIR RAIDS ON POLAND

WARSAW (JTA) — Despite Nazi assurances that open towns would not be bombed, a number of towns in the Warsaw district have been subjected to repeated aerial bombings by the Germans.

The city of Czeszochowa, in southwestern Poland, which was captured by the German forces, has a Jewish population of 27,000. Thousands of Jews and non-Jews fled the city before the German occupation.

Two hundred Jews who were to emigrate to Palestine cancelled their departure.

The Jewish quarters of Warsaw, inhabited by approximately 350,000, were among the hardest hit in the series of Nazi air raids. Two houses in the Jewish suburb of Kolo were completely destroyed by bombs. Ten persons were killed and 30 others wounded. Bombs dropped by Nazi fliers on the suburb of Otwock killed eight Jewish orphans, two Jews and two Jewesses, and wounded 30.

A special session of the Sejm (Polish Parliament) cheered a declaration by Jewish parliamentarians that the Jewish population without exception stood ready to make all sacrifices to ensure Poland's victory in her war with Germany.

Jewish communities throughout Poland formed coordinating state defense committees to cooperate with the authorities. All Jewish groups, including Rabbinical, Zionist, labor and youth organizations, responded enthusiastically to President Ignace Moscicki's manifesto calling upon the nation to resist Germany's invasion. All of the bodies published appeals to their memberships to cooperate with the Government in every way and voiced the Jewish population's determination to make every sacrifice in defense of the nation.

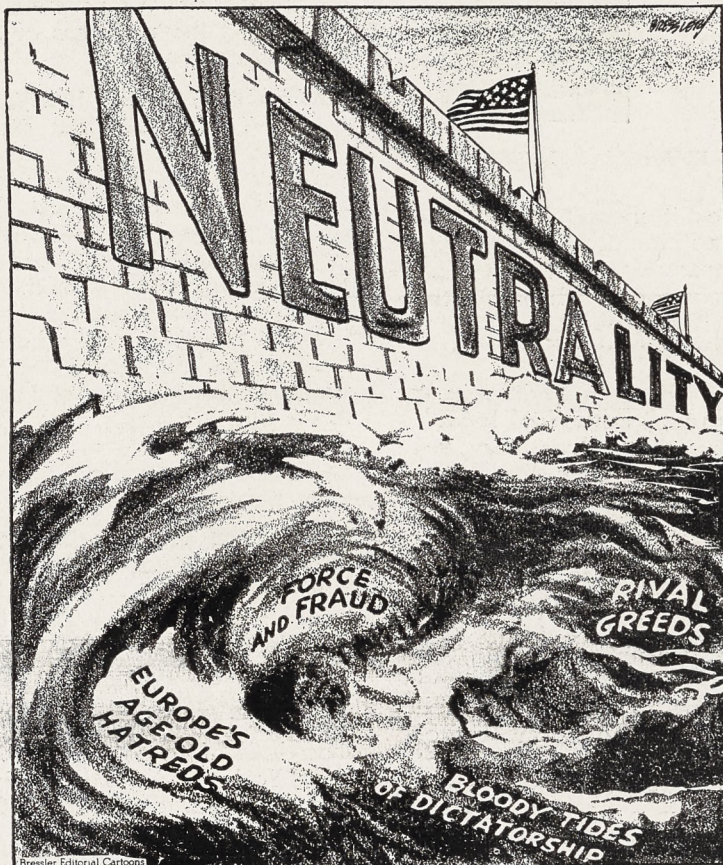

## PALESTINE JEWS, 18 TO 50, REGISTERED FOR SERVICE

JERUSALEM (JTA) -- Registration of all Jewish men and women between the ages of 18 and 50 for national service was announced after a joint meeting of executives of the Jewish Agency and Jewish National Council.

Those enlisting will be used (1) for security purposes and (2) to render the British army in Palestine

any necessary assistance, it was stated.

"In this emergency, Palestine Jewry must maintain a triple front," stated the Jewish Agency, "for defense of the Jewish homeland, and security of the Jewish people and the victory of the British Empire."

Some 1,500 Czech Jewish ex-servicemen have been called to report to the Czech consul general here in connection with the worldwide preparations to raise a Czech army to fight Germany.

A wave of enthusiasm for Britain has swamped the bitterness engendered by the White Paper. On almost every street the conversation turned to how the Jews might help Britain. The Arab Christian newspaper Falastin said editorially that the Arabs must also support Britain if only to prevent the Jews from profiting by their support.

## FORCED LABOR FOR JEWS IN FULL SWING IN REICH

AMSTERDAM (JTA) -- Compulsory employment of able-bodied young Jews and Jewesses on manual labor projects in Germany, which

began early in August, is now proceeding on a large scale, according to telephonic information from Berlin.

The drafted Jewish workers are being paid the same rate as "Aryans" and are being treated the same, although they are kept segregated and work separately. The advent of forced labor for younger members of the community is an event of considerable importance from the economic viewpoint, because it may help to take some of the strain off the heavily burdened Jewish communities.

The Propaganda Ministry ordered the Juedisches Nachrichtenblatt, German Jewry's only newspaper, reduced to four pages, to appear on Tuesdays and Fridays, instead of the former 12 to 16 pages, and intimated possible further reduction in size, perhaps total suspension.

Telephonic contact between the Netherlands and German Jewish organizations and individuals was suddenly and inexplicably terminated. The disruption was interpreted

## THE NEW YEAR

By RABBI EMANUEL L. LIFSCHITZ

What does it mean? Is it to be merely a repetition of last year, with pleasant memories of having attended services and observed the customary forms

כמצות אנשים מלומדה

Shall Jews continue to live in a spiritual vacuum, devoid of loyalty to Israel; to call themselves Jews, yet remain unaffiliated with the Synagogue, and unconcerned with the plight of world Israel?

Will Jews continue to neglect the Hebraic and religious education of their children? Will a generation grow up neither understanding nor evaluating itself, helpless to stand its ground in a hostile world? Shall we continue to remain ignorant of our *raison d'être*, of the ideals that motivated our fathers to become martyrs and our patriarchs to shed light unto the nations of the earth? Shall we spend the Holy days in mere lip service, delighting in the tuneful rendition of the prayers, acquiescing in sermons, and then return to our spiritually sterile lives?

אשרי העם יודעי תרועה

Fortunate are the people who properly comprehend the call of the shofar on Rosh Hashonah. Fortunate is the man who can set brakes on his purposeless and ideal-less merry-go-around of living and ask himself, "Quo Vadis, little man, whence are you heading?"

Let us ask ourselves the questions, "Why do we still exist as a people? Why are we not with the Babylonians who conquered us or with the Greeks or with the Hellenized Romans to whom so many of our predecessors sold out spiritually?" Because in every generation there has ever remained a Shearith, a remnant in Israel that has refused to yield to the glitter of a pagan world, a remnant that has remained loyal to the Torah and to Jewish traditions, a remnant that has ever clung to the hope of returning to Eretz Avoth, the Land of our Fathers.

here as a prohibition on all German-Jewish contacts with the outside world. Ordinary telephone service between Holland and Germany was normal, but exchanges at Berlin and Cologne served notice on callers that they were forbidden to connect the numbers of the Jewish organizations.

### GRYNSZPAN ASKS RIGHT TO FIGHT FOR FRANCE

PARIS -- Herschel Grynszpan, youthful Jewish refugee whose assassination of a German Embassy official touched off last November's pogroms in Germany, has applied for permission to join the French Army as a volunteer.

From the jail cell where he is lodged pending trial, Grynszpan wrote to the Ministry of Justice: "In these tragic hours I apply for your permission to give my blood as a volunteer in the ranks of the French front fighters."

### ONLY 2,500 JEWISH COMMUNISTS BROWDER TELLS DIES COMMITTEE

WASHINGTON -- Concluding his testimony before the Dies Committee, Earl Browder, secretary of the Communist Party, declared there were not more than 2,500 Jews in the party in the whole country. More than half of these, he said, are in New York City. He gave his total party strength as about 100,000, and pointed out that the ratio of Jews in the Communist Party is no greater than the ratio of Jews to the population of the United States as a whole.

### LATE NEWS BULLETINS

**Geneva** -- According to reports of reliable persons arrived from Germany, the Nazis have addressed an appeal to "Jewish compatriots" asking Jews to register with the authorities for service to the country in some capacity.

**Philadelphia** -- Agents of the Federal Bureau of Investigation told newspaper men that Philadelphia was a center of pro-Nazi and anti-Semitic propaganda. The agents disclosed that "at least seven" Army and National Guard officers, including a Brigadier-General who is a public high school teacher, regularly attended meetings of the German-American Bund.

**Jerusalem** -- The Czech Consulate General said that "hundreds of Czecho-Slovak citizens living in Palestine have expressed a desire to fight for the liberation of Czecho-Slovakia." A statement expressed the belief that a Czech legion already was being formed here, as in England and France.

## BETWEEN YOU AND ME

By PAUL A. PETERS

(A JTA Feature)

### Farewell:

It's been a long year. . . . And a hard one. . . . Few will be sorry to see it disappear over the horizon. . . . But long and hard and tragic as it was, it surely was interesting. . . . And memorable. . . . It started with Munich. . . . And ended with the second World War well on its way. . . . In between, there was plenty of drama, heartache, tragedy. . . . And here and there a bit of fun, a good laugh. . . . There were brave as well as dastardly acts, brave as well as cowardly people. . . . Good and bad books, good and bad plays, good and bad jokes. . . . For the best laugh, we hand the palm to Dorothy Thompson. . . . Hers was the laugh that resounded in great Madison Square Garden during that bawdy Bund rally and was literally heard around the world. . . . Dorothy's book, "Let the Record Speak," incorporating some of her slashing N. Y. Herald Tribune columns, must also rank among the best of the year. . . . And in handing out palms, one must not forget the heroic work of a veritable multitude of Jewish leaders in all countries. . . . Not the least heroic group was the German-Jewish leadership which, faced with one of the most disheartening tasks of all time, stuck to its post. . . . Even when--as with the German Zionist delegates to the Geneva Congress -- they returned to their homes during the blackest days of the pre-War crisis, when the temptation must have been strong upon them to remain in the comparative security of Geneva. . . . Most tragic story of the year, perhaps, was the suicide of Adele Langner and her two

children, Czech Jewish refugees, in Chicago. . . . The story of the "St. Louis" odyssey, after all, had a happy ending. . . . Mrs. Langner stepped across the Great Divide just as the gift of new life was about to be handed to her -- a visa to a new home. . . . Among the year's outstanding feats of bravery -- the defense of the Westerplatte by a handful of Polish troops against overwhelming odds. . . . Most pathetic single individual -- Prime Minister Neville Chamberlain, whose trusting soul led him to believe history's greatest Ananias -- Housepainter Hitler the Hysterical. . . . Goofiest diplomacy -- the Soviet-Nazi pact. . . . Most annoying radio voice -- Coughlin's. . . . Most pleasing radio voice -- President Roosevelt's. . . . Finest addresses of the year -- Rabbi Solomon Goldman's Zionist presidential report to the Z.O.A. convention, and Rabbi Abba Hillel Silver's before the C.C. A.R. convention, on "The World Crisis and Jewish Survival." . . . Most courageous film producers -- Warner Brothers, for their democracy series and such pictures as "Confessions of a Nazi Spy," "Juarez" and others. . . . Most enjoyable book of non-fiction, Edna Ferber's "A Peculiar Treasure." . . . Best-liked and most up-and-coming publisher, George Backer. . . . And here's hoping that the year 5700, at the threshold of a new century, will be the best-liked of any since the "milk-and-honey" days. . . .

**OUR SUCCESSORS-TO-BE**

**LEONA KESSLER**

One of our more active young lady members, Leona has had her fingers in just about every activity of the young folk around the W. S. I. S. And her academic record--what a list of cerebral accomplishments!

It all started when Leona graduated with honors from the Milne High School, up in Albany. A few years later, she took a degree Magna Cum Laude, Phi Beta Kappa from Washington Square College of New York University. Then she won a graduate fellowship to NYU.

Leona's no grind, though. Around here we've known her as office-holder in the Young People's Conference, the Council, and the Reus Society, to mention only a few.

And versatile! I'll say. Leona's an accomplished pianist, an experienced teacher, and now she does merchandizing work at Lord and Taylor.

How does she do it? You tell us.

## GETTING PERSONAL

Of course this is the time when people are supposed to be getting back, yet we all were pleasantly surprised by the really impressive turnout at services last Shabbath morning and at our beautiful Slichos sevices Saturday night. We were particularly happy to welcome back our President, Lester Udell. For the best travelogue of a summer vacation, we recommend Mr. and Mrs. J. H. Silverstein, who just got back from a trip to Boulder Dam and other points. . .

Once again the W. S. I. S. family has displayed its beautiful spirit of friendship and sympathy. In less than twenty-four hours' notice, the directors and members turned out at the funeral of the late Emanuel Wartels, an indication of the affection we all feel for the Wartels family.

We can never thank enough those who help so immeasurably the affairs of our Synagogue by taking a personal interest in it. . . this time we give special thanks to Mr. Harry Roggen and Mr. Joseph L. Goodman, who donated books for an incipient children's circulating library. . . also thanks to Mr. Isaac Settel, who donated some radiators, and to Mr. Henry Ripin, who very kindly arranged for the painting of part of our daily Synagogue.

Congratulations to Mr. and Mrs. Benjamin Tilem on the birth of a baby boy. . . also to Rabbi and Mrs. Goodman, on the birth of a daughter.

And our best wishes to Mr. and Mrs. Nat Trotzky, who celebrated their tenth wedding anniversary yesterday.

To Mr. Isidor Lauer, we wish a speedy recovery.
