Shevuos Notes

On Tuesday evening, June 9th, the fiftieth day following the second day of Passover, we usher in the Festival of Shevuos, the Feast of Weeks. This Holiday is of great significance in the Jewish calendar, for on this day we received the Torah on Mt. Sinai. It is therefore known as "Zman Matan Torasenu," the season of receiving our Torah.

To commemorate this divine event we decorate our Synagogue with leaves and flowers reminiscent of the greenery atop Mt. Sinai. Our Women's League will again provide the floral decorations for our Shevuos services — a guarantee that our beautiful Sanctuary will be made even more beautiful.

Another hallowed tradition is the "Mishmar," the all night vigil in the Synagogue and reciting "Tikun Shevuos," selections from the Bible and Mishnah and other sacred writings. Our readers are cordially invited to join us in the Synagogue beginning at 10:15 on Tuesday night. Refreshments will be

served. The morning service for those who are awake the whole night is held at daybreak, 4:15 o'clock.

It is a tradition to eat dairy foods on this festival. One reason given is that the Torah has been likened to "milk and honey."

During the morning services of the first day we read from the Torah the Ten Commandments and chant the Akdamos, a beautiful poem in Aramaic, in adoration of the Almighty and the Torah.

On the second day, the idyllic story of the Book of Ruth is read. This is to commemorate the Yahrzeit of King David who was descended from Ruth.

L'AG B'OMER SUNDAY, MAY 24

The 33rd day of the counting of the Omer is known as L'ag (lamed = 30; gimel = 3) B'Omer, a minor holiday in the Jewish Calendar.

On L'ag B'Omer Bar Kochba defeated the Romans in his unsuccessful revolt (132-35 C.E.). During that same period a plague broke out which raged among the disciples of Rabbi Akiba and ceased on L'ag B'Omer.

Though it is in the "Sefirah" period, weddings and haircuts are permitted on L'ag B'Omer. It is permissible to take a haircut on the preceding Friday in honor of the Sabbath.
